

Experience the Coolest Camps Beginner & Advanced Camps Available

Zaniac Summer Camps are ideal for your curious child. Go on a Science, Technology, Engineering, Art & Math Adventure with us! Each camp is tailored to your child's needs. Small camp sizes ensure an exceptional experience. Our instructors are fully-trained and vetted role models who love working with kids and technology. Camps are grouped and focused for your child's age and grade.

Grades Pre K-K

Our camps are designed to focus on creative thinking skills with hands-on engineering and science principles with a fun weekly theme for our youngest innovators.

Grades 1-2

Popular camps include STEAM Quest, Robotics, Engineering, Coding, Minecraft™ and Math.

Grades 3-5

Popular camps include STEAM Quest, Drones, Minecraft Galaxy, Kerbal Space, Advanced Robotics, Music Lab, Minecraft Mods, Coding, 3D Printing and Math.

Grades 6-8

Popular camps include STEAM Quest, Fashion Design, Python and Java Coding, Minecraft Redstone and Design Lab, Advanced Robotics, Math and Drones!

*Grade ranges include Rising Grades K-9.

Full-Day Weekly Camps

8:30 a.m. - 4:30 p.m.
Fees \$559 per week
(July 4th week - \$449)

Daily after-care available from
4:30 p.m. - 5:30 p.m. for \$35 per week

Snacks provided
Please send a nut-free lunch Mon-Thurs,
Pizza will be provided on Fridays

Daily Outdoor/Physical Activity

Half-Day Weekly Camps

8:30 a.m. - 12 p.m. or 1 p.m. - 4:30 p.m.
Fees \$349 per week
(July 4th week - \$279)

Snack provided

Open Saturday & Sunday for
Birthday Parties only.

**FREE
Zaniac T-shirt
with each
camp!**

Summer Adventure for the Mind. Experience the coolest camps.

Summer Camps

**Coders. Explorers.
Engineers. Designers.**

**Enter the
Technology
Zone**

**Jersey City, NJ
June 18 - August 31**

Who will your child be this summer?

Be a Coder

It's never too early to learn to code, an essential 21st century technology skill for every child. Go from true beginner using Scratch or Blockly to writing custom code in Python and Java! Use your new coding skills to program robots, design a game or create your own website.

Be an Explorer

Discover and investigate! Explore biology, math, physics & the galaxy with a game your kids already love—Minecraft! Go on a themed STEAM Quest exploring as a wizard, superhero, astronaut, scientist and more!

Be an Engineer

Think, build and create! Explore mechanical and electrical engineering through hands-on exploration and innovation! Technology is a powerful way to teach kids engineering skills with littleBits circuits, LEGO EV3 robots, drones and more!

Be a Designer

Students are immersed in the engineering and design process while creating 3D prints, architectural design, musical compositions, and even their own fashion designs. Campers create their own projects using our cutting-edge tech tools such as TinkerCad, PrintStudio, Inkscape, Minecraft and GarageBand.
