Birthday Parties!

Asheville, NC

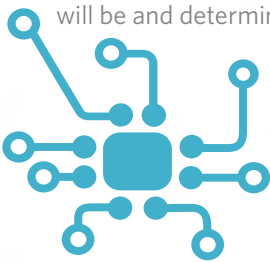

Choose from one of our popular party themes or we can customize one for you!

Create Magic in Minecraft!

Get inspired with some Minecraft Magic! Make and race rollercoasters using Redstone, complete an Everest Challenge or build and play together in the same world! Choose your favorite Minecraft accessories and learn how to design and customize them in 3D Printing. Learn all about 3D design and CAD software to customize your own axe, sword, or creeper pendant.

Building Engineers!

Love building? You will love our Engineering Party! Use your engineering and teamwork skills to design and build a catapult! Identify the pivot point, decide where the load will be and determine the effort needed to launch your LEGO brick across the room. Let's see which team wins! Learn about our Mindstorm EV3 Robot units and program your robot to complete an obstacle course.

Blast Off to Space!

Travel to outer space with your friends as you explore the solar system in Minecraft Galaxy. Build a base on the International Space Station and explore the asteroid belt as you and your friends colonize the Moon or Mars. Perfect the art of building rockets with our Kerbal Space program. It's out of this world!

Or Customize Your Own Party!

Choose two of your child's favorite Zaniac STEAM Programs and we'll customize your child's Party!

- Build, Program and Compete with EV3 Robots
- Explore with Minecraft
- Design in 3D Printing
- Learn to Code in Scratch to make animations and games
- Tinkering in Electronics with littleBits
- Build Rockets with Kerbal Space Program
- Build & Fly Drones
- Create with Fashion Design

"Hands down one of the best places to have a Birthday Party! The kids had tons of fun and they all learned something. The staff was wonderful and really know how to teach and handle a group of 8 year olds."

- Micky Craig
