

Saturday Kids Club

Saturdays: Sept. – May.
10 a.m. – Noon ▪ \$19 per Saturday
\$69 per month & a free t-shirt!

Gamers

Participate in fun, game-based challenges in Minecraft to develop eye-hand coordination, organization, problem-solving skills and teamwork. Fosters teamwork.
September 2018 & May 2019

Engineers

A powerful way to inspire kids' interest in engineering through hands-on exploration and innovation using Robotics and Drones.
October 2018 & April 2019

Designers

Inspire kids' interest in designing through hands-on exploration and innovation with 3D Printing, GarageBand, Costume Design, and Minecraft Design Lab!
February 2019

Coders

Learn real-world coding skills that software developers use every day. Go from true beginner to creating games in Scratch, all while having a blast along the way.
November 2018 & March 2019

Scientists

Let us lead your little scientists through hands-on experiments to explore our Earth. Analyze your findings with the Scientific Method.
January 2019

Zaniac Campus Events

We are open year-round with fun, educational STEAM events for kids grades K-8!

Parents' Night Out

Your kids can explore themed STEAM activities while you enjoy a Saturday night off! Themes change monthly.

Saturday Kids Club

Make new friends and engage with our signature STEAM Programs. Themes change monthly.

Birthday Parties!

Choose from one of our fun technology themes and enjoy exclusive campus access to Zaniac for a private birthday!

\$249 – up to 10 friends
\$299 – up to 20 friends

Or, come out and celebrate with your child's class, a community organization, church youth group, or your child's friends. Call us for availability!

Reservations for Parents' Night Out and Saturday Kids Club are required to ensure an exceptional experience.

Campus Events

Zaniac™

K-8 STEAM After-School Programs & Camps

2018-19 Parents' Night Out Events

Offered two Saturdays every month. • 6:30 p.m. – 10 p.m. • \$27 per event

Superhero Design

September 8 & 22, 2018

Design Superheroes using our Art & Design program tools. Create mood boards and themes based on your Super Powers. Finish the night off with fully designed costumes for their caped (or not caped!) crusaders.

Spooky Science

October 6 & 20, 2018

We'll scare up a good time STEAM style. Build a haunted house with working lights. Channel your inner Dr. Frankenstein with circuits and LEGO monsters. Come dressed in your best costume to receive a prize!

Alien Exploration - Mission to Mars

November 3 & 17, 2018

Join us as we journey into outer space to explore our universe and land on Mars! Once we land, we will explore the surface of Mars and build a rover that can maneuver over the course surface.

It's Electric

December 1 & 15, 2018

Light up your holiday! Explore circuitry with easy-to-use electronic building blocks. Create a holiday scene that lights up! Use circuits to create a glowing holiday card.

Wizardry Wonders & Spell-Binding Science

January 12 & 26, 2019

Calling all Tech Wizards! Cast a spell with your own 3D Printed magic wand to take home! Create a magic spell in Scratch and watch your animation change with Code. Harness your computational powers as you tinker with circuits! Revelio Zaniaco!

Crime Scene

February 9 & 23, 2019

Have you ever wondered how the forensics teams solve the crime? Let's work together to examine our Zaniac crime scene, collect evidence from the scene and use scientific testing to solve our Zaniac crime!

Musical Makers

March 9 & 23, 2019

Let your inner musician play and produce at Zaniac! Build a custom synthesizer with little-Bits®, sequence sounds with GarageBand, and mix beats with code to produce a soundtrack for a Scratch animation! Let the music play!

Battle Bots!

April 6 & 27, 2019

We will be making a robot out of LEGO parts, and then will break into teams so we can battle the robots against each other. Come learn about robotics and physics as we attempt to smash, flip, and push the competition aside!

Bubble Festival!

May 4 & 18, 2019

Bubbles Everywhere! Come experience the sparkles in the iridescence, surface tension, buoyancy, and the shape of bubbles! We will be exploring math concepts and science principles as we have fun with bubbles.

Extreme Coasters

June 1 & 15, 2019

Did you ever think that you could create an amusement park on a wall? Join us as we turn the walls of Zaniac into our own amusement park! Invent your own track, create flips and turns, experiment with your marble run to create even zanier stunts.

Magical Magnets

July 6 & 20, 2019

Have you ever painted with a magnet instead of a brush? Played soccer with a magnet instead of a ball? Or watched a magnet float in the air? Come experience the power of magnetic fields.

Under Pressure

August 3 & 17, 2019

Ready, set, takeoff! We will take a look at aerodynamics and propulsion. Come experience the fun of flying as we build and launch catapults, air cannons and rockets.

Call 828.575.0355 or visit ZaniacLearning.com/Asheville to enroll!
