K-8 STEAM After-School Programs & Camps

Call us to schedule a tour or just drop in!

Be a Scientist, Coder, Explorer, Designer, Engineer & Mathematician!

Academic Enrichment & Tutoring: Math, Reading & Science

Build confidence and academic advantage! Zaniac offers a variety of enrichment programs, tutoring in core subjects and homework help.

"To succeed in this new information-based & highly technological society, students need to develop their capabilities in STEM to levels much beyond what was considered acceptable in the past."

– National Science Foundation

Game-Based Learning

We use Game-Based Learning methodology with Minecraft and Kerbal Space Program to teach kids real world math, science & technology skills.

Gain an academic edge & 21st century technology skills!

Engineering

A powerful way to inspire kids' interest and understanding of engineering through hands-on exploration and innovation.

Art & Design

Discover the "A" in STEAM Art! Kids are immersed in the engineering and design process through hands-on engaging projects.

What Parents & Teachers Say About Zaniac

"A teacher's dream"

"Professional and engaging for kids"

"Kids beg us to go back"

Computer Programming

Kids learn coding and real-world skills that software developers use every day. Go from true beginner to writing custom programs and games in Java.

"Incredible instructors"

"My kids can't wait to get out of the car and go to Zaniac."

"Students were fully engaged learning robotics, app creation, coding, and 3D printing"

"Absolutely adore Zaniac"

"Safe, nurturing & cool environment!"
