

# Computer Programming: Intro to Blockly

## Kickstart your journey into the world of code!

Learn the language of the 21<sup>st</sup> century. With some help from Dash Bot and our amazing Zaniac instructors, discover the basics of coding using Blockly.

For grades K-5 • Tuition: \$299

- Use Blockly's visual & intuitive way to learn how to code & program Dash Bot to move around your custom-designed course
- Use interlocking, graphical blocks to represent code concepts like sequencing, logical expressions & loops
- Make emojis & gifs to express emotions & ideas
- Develop critical-thinking & problem-solving skills with game-based coding challenges
- Classes meet 90 minutes once a week for six consecutive weeks
- Enjoy low student to instructor ratio of 5:1
- Receive personal progress emails from your Zaniac instructor after every class
- Collaborate with friends in a fun & high-tech environment
